Dear Ms. Dennis:

This letter is to request an advisory opinion on the question of whether a Federal PAC, domiciled in KY can contribute to legislative campaigns and caucus campaign committee accounts.

This request is made in my capacity as a contract lobbyist for ResCare, Inc who has a federal PAC domiciled in KY. ResCare desires a formal opinion from the Registry to determine if writing checks/contributing to legislative campaigns and caucus campaign committee accounts would be permissible.

If permissible, please advise what type of reporting in the Commonwealth would be required. Is a copy of our Federal PAC report all that is needed or are there additional reporting requirements that apply due to our domicile in KY?

If you have any questions, feel free to contact me at 502-216-9990.

All the best,

Kelley Abell
